Material: Ductile iron legs; 4 tropical wooden boards. Stainless steel screws.

Finish: The legs are treated with **ferrous** which guarantees a high resistance to the rust conforming to the spray salt fog test. Grey Mar colour finished.
 Tropical wood treated with a preventive product **lijenus** fungicide and insecticide and water proofed.
 Natural colour finished.

Recommended anchorage: M10 fixing bolts for anchoring to the ground, depending on the surface and the project.

Optional: FSC certified tropical wood can be used if desired. AG3 cast aluminium legs can be used if desired.
