 EUROPEAN REGISTERED MODEL

**CHARACTERISTICS**

**Material:** Reinforced steel sheet bin with holes made by laser. It is supported by means of a solid structure and a triangular anchorage base with holes for its fixing to the floor.

**Finish:** It is treated with **ferrous** treatment, a protector process which guarantees a high resistance to the rust conforming to the spray salt fog test. RAL 9006 grey colour painted (oven technique).

**Anchorage:** Three M8 expanding bolts for anchoring to the ground.

**Optional:** Emptying by inner plate

PL01 triangular top key.
